## **OH MY WHAT HUMOR!**

Posted on August 11, 2003 at 04:42:58 PM by Mark Ventimiglia

I just noticed that Tracis has his anti-"bad word" filter turned on this board... HAHAHA. What a laugh! What's up Ermund? You can't handle the flames of bad words like F U C K ???

But alas, you were the one that kept emailing me with sentences like: "Oh my gosh Mark, I feel like I am being attacked" and "if you are not going to speak nice to me, I will never speak to you again." LOL! You sound like the little girl that you are!

You live in VA? Right? I assume that Kuniberg is your SISTER! Right?

What a sissy boy.

I wasn't going to come here to post. But I did want to check out what you have done... since it was I that showed you how to set this board up since you are HTML illiterate! This is how you repay me? I give you this board and you flame me?

And threaten me? You are going to execute me and hang me from a tree or drown me in a bog? LOL...

I work at #1 Front Street in Alton, Illinois. COME GET SOME! I am there more than I am home anyway. And I work midnights! So when you come (and you won't cause you're a F U C K I N G coward) I will simply dispatch you and toss your lifeless body in the river for the Catfish to feed on!

**DO NOT THREATEN A REAL WARRIOR UNLESS YOU ARE WILLING TO FIGHT AND DIE!**

Grow up little boy. I remember what it was like to be a child of 27. I was young and stupid once too... and have the scars to show for it. It saddens me that I have to stoop to your level and make an jerk of myself in the process... you it is apparent that you cannot understand anything else, so therefore, I had to stoop to your level of low intelligence.

If your beliefs were so great... why spend so much time on a Seax board?

**YOUR WORDS:** The seax people are so open and kind. Is that what you want, sissy boy? You want someone to show you kindness when you yourself have no kindness to show? Slaughtering helpless animals! Accepting homosexuality! Lord knows what else you accept in your life!

Grow up and be a man! Stop playing these silly games! And cease threatening people that you are afraid

of!

## **ON THE COWARDLY ACT OF NITHING POLES**

IP: 12.34.167.180

Posted on August 11, 2003 at 04:31:46 PM by Mark Ventimiglia

I just wanted to expose the Cowardly act of Nithing Poles for what it really is...

And for anyone who doesn't know... a Nithing Pole is created by a Black Magick Ritual involving an animal sacrifice whereas the poor creature's head it seated atop a pole.

OK... why are Nithing Poles made by only the cowardly? I will tell you... Because the cowards that create them have not the balls to fight their own battles. Let's look at the facts!

Person A is angry at Person B. But Person A is too big of a chicken #### to confront Person B like a real man, so what does he do? He buys a helpless animal and kills it thus putting its head on a Nithing Pole to "curse" Person B. HOW UTTERLY PATHETIC!

First of all... the animal has nothing to do with the grude in the first place! He is neither angry at Person A nor Person B. In other words, he is a helpless observer. But nonetheless, he is dragged into this cowardly mess by the cowardly Cur Person A because Person A it a big chicken ####!

In my opinion, if Person A is pissed off at Person B, rather than murder a helpless animal that has really nothing to do with the skirmish in the first place, Person A should go forth to Person B's house, knock on his front door and when he answers the door, grab Person B by the face, drag him into the street, and beat the #### out of him. OH... but there's the danger! Person A, if he confronts Person B, he will most likely get his own####stomped in the dirt! HAHA! So, he resorts to animal cruelty in hopes to curse his enemy.

SORRY! Woden does not look on cowardly acts with favor! Killing a helpless animal will do nothing but set in stone the fact that YOU ARE A ####ING COWARD!

PS: Sorry, Swain, I know I have stooped to these fool's level more than once on this board. SIGH. But I know you understand! They are slandering you as much as they are slandering me and they are also degrading OUR MIGHTY GODS! So, I just wanted to get this off my chest... and I had to speak in a language these stupid inbred hoosiers could understand, since they evidently have not a 4th grade education!

## **An Abanning on Swain Wodening and Alaric Uuica of Pennsylvania**

An Abanning on Swain Wodening and Alaric Uuica of Pennsylvania

Be it known that, in the month following Litha, Mark Ventimiglia, Stiweard of Seax Wica, embarked on a public campaign to stain the good name of Theodish Belief and its Kunings, following insults and accusations that he had made against Ermund Kuning, Thiodan of Folcaha Sachsen Thiod.

Be it known as well that Alaric Uuica of Pennsylvania and Swain Wodening, Ealdorman of the Angleseaxe Ealdriht, did raise voice against Mark Stiweard's campaign to defame the religion of Theodish Belief. So successful was their defense of the Theodish religion that Mark Stiweard was forced by their arguments to withdraw from the public forum and cease his malice.

As we in Folcaha Sachsen Thiod are grateful to know such men, who have defended our good religion and thus shown us their friendship, we do hereby name them friends of Folcaha Sachsen Thiod and welcome them to any gathering we may hold.

This abanning is set forth on 8/9/03 C.E. by Ermund Kuning, Thiodan of Folcaha Sachsen Thiod and by the approval of the Folcaha Sachsen Thiod Uuitan.

Trish,

You were disturbed at MY handling of the situation? Well, I was (and am) HIGHLY disturbed at what Wicca has become these days. And this little Theodish group (can you even call it Theodish? I think NOT since I see no noble king anywhere) is a joke to say the least. These stupid inbred hillbillies have NO CLUE what it takes to be real nobility! Hell, even the Queen of England isn't REAL anymore... so who the #### cares? Not me!

What do I care about? I care about morals and ethics and that which is RIGHT!

Killing animals is WRONG!  
Homosexuality is WRONG!  
Greed is WRONG!  
Drugs are WRONG!  
Drunkenness is WRONG!

Where do we draw the line? Beastiality... pediphelia?

Give me a break! I deleted the website and the Yahoo group because I will NOT be the Stiweard of Hedonism! Ray told me that the Stiweard position was merely a figurehead position anyway and had no real authority... hence, HE DIDN'T (and DON'T) care about Seax-Wica and he was merely trying to further himself from the trad! Hell, he only wrote 1 book on Seax-Wica in 30 years. He has devoted more time to his Gypsy books than Seax-Wica, so you go figure it out. And if Ray doesn't give a #### about these cum guzzling dick junkies playing dress-up in Saxon garb, why should I?

I am really sick of what Paganism has become! It is really pathetic. This is why I wrote the Rede. I wanted to at least put down in writing the FACTS and RULES of true paganism. Someone should have written that book YEARS ago... but alas, no one cares! No one cares about what is right and moral. All they want is their hedonism! PATHETIC.

If I am a bigot for upholding that which is RIGHT, then I am proud to be a bigot!

I do hope you understand.

Oh, and before you run back to Sean and ##### to him over this post... I just thought I'd let you know

what he thinks of you. It's not good. He calls you eccentric and a fluff. Go figure?

AM I THE ONLY MORAL HUMAN LEFT ON THE EARTH?

Other teachers teach what the people want to hear, not what needs to be taught. I am not like other teachers. I teach what NEEDS to be taught.

When I taught combat to the armed services, we did not play with wooden blades, we trained with live blades. Yes, things got bloody! But when these men went into combat they survived! A student of mine, Chris Learla, a 10 year combat SEAL, racked up 14 kills in the first 24 hours of his first mission! I have always taught what NEEDS to be taught... no matter what the subject was about. This is ME. DEAL WITH IT!

## **An Abanning on Mark Ventimiglia, Stiweard of Seax Wica**

IP: 67.30.232.134

Posted on August 10, 2003 at 09:38:05 PM by [Folkriver](#)

An Abanning on Mark Ventimiglia, Stiweard of Seax Wica

Be in known that, in the month following Litha, Ermund Kuning, Thiodan of Folcaha Sachsen Thiod, did initiate contact with Mark Ventimiglia, the Stiweard of Seax Wica in order to foster frithful (peaceful) relations between the Saxon Theodish tradition of Aldgelobo and the Saxon Wiccan tradition of Seax Wica.

Be it further known that, Mark Stiweard did take issue with the Theodish practice of bloting in his correspondence with Ermund Thiodan. That Ermund Thiodan discussed the issue with Mark Stiweard, but when the matter seemed beyond resolve, did plead with Mark Stiweard to let the matter rest that focus could be put on what our traditions held in common rather than what made us separate. That Mark Stiweard continued to email Ermund Thiodan on this issue despite Ermund Thiodan repeatedly asking him to cease.

Be it further known that Mark Stiweard has accused Ermund Thiodan of cowardice, a serious charge in Theodish Belief, and has thus broke the frith (peace) which existed between our folk. Let it be cited that cowardice was considered a capital offence among the ancient Heathens. As the Roman Historian Tacitus noted in the 12th chapter of Germania, "The Assembly is competent also to hear criminal charges, especially those involving the risk of capital punishment. The mode of execution varies according to the offence. Traitors and deserters are hanged on trees; cowards, shirkers, and sodomites are pressed down under a wicker hurdle into the slimy mud of a bog. This distinction in the punishments is based upon the idea that the offenders against the state should be made a public example of, whereas deeds of shame should be buried out of men's sight."

As we in Folcaha Sachsen Thiod do take great offence to the accusation which Mark Stiweard has leveled against our Kuning, and as we know that our Kuning has been more than fair in his dealings with Mark Stiweard, we hereby deem Mark Ventimiglia to be a Fiond, an adversary of Folcaha Sachsen Thiod.

Let it be known that, though we are appalled by the behavior of its current Stiweard, we in Folcaha Sachsen Thiod continue to hold no ill will toward the Saxon Wiccan Tradition of Seax Wica or its adherents. If Mark Ventimiglia would seek to make amends for this grave violation of Heathen thew (custom), he may contact a Folcaha Sachsen Thiod Uuitan member at [folkriver@yahoo.com](mailto:folkriver@yahoo.com) to discuss arrangements regarding shild owed. It is our hope that Mark Ventimiglia will do so and that frithful relations between our folk may resume unimpeded.

This abanning was made by the Folcaha Sachsen Thiod Uuitan on 8/9/03.

What a joke! You people play with wooden swords because you are afraid of mortal combat, yet you want to sacrifice animals for real! What a farce. Blot is a cowardly act! Be it known that for every time you kill a defenseless animal you incurr more cowardice on yourself. As far as executing me? ####, I challenge anyone to stand before me with a live blade! With OVER 20 years in the COMBAT ARTS and a rank of Godan, I will disembowel anyone. But alas, this will NOT happen because you all play warrior are have not the stones to face a REAL warrior. I have trained US Navy SEALs, Green Berets, and Marine LRRPs... I have also trained 3 fighters for the UFC! So see... you cowards are nothing to me! You know nothing of me! And you hide behind your PCs cowering in the dirt! You are pathetic! Come, and step into MY world. At 6' and 220LBS, I spit in your general direction. It takes more than someone playing "king" to be a nobleman. It takes more than killing a helpless goat to be a warrior. Get a life and grow the #### up. You want a piece of me, come get some. You all know where I live! I will spill your ####ing guts before you know what is happening!

Do you know what it feels like for a human body to go limp in your arms, the life's breath squeezed out of it? I DO!

Woden looks on your little group with sadness, for HE is the KING of WARRIORS and HEROS... not cum guzzling dick junkies that like to kill helpless goats! This is the year 2003! We no longer have to kill to survive.

The biggest and strongest animals on the planet are vegetarians! I haven't ate flesh in 8 years and I am bigger, stronger, and have more endurance that I did 8 years ago... and I am nearly 40! Can you run 10 miles a day after doing 300 pushups, 300 situps, and 150 chinups? I CAN.

Come get some! Woden laughs at you... and every time you kill an animal you get further and further away from HIM and closer to the real butt pirates you are!

Uuesad ge hel Sachsens and Friunds

This past weekend, the 8th of August/Weodmonath, Folcaha Sachsen Thiod assembled at the Uuihstedi in Newport News to fain Ing-Fraho for Lammas. Ermund Kuning, Kuniburg Thygen and Meghan, Nathan Thegen, Jenni, Aaron, Bridgit, Patrick, Katlin, and Kenneth, Dweorg Karl, and Jennifer Goodfolk were all in attendance.

Despite the on and off rain which had persisted throughout the week and through the morning, the sky cleared up once the event began. For August, traditionally an unbearably hot month in this part of Virginia, the weather was mild and near pleasant, making for a very enjoyable outdoor gathering. The Fraho faining itself went very well, with Ermund Kuning performing some of the faining in Old Saxon. Following the faining, the Uuitan was called to assemble in the Uuihstedi to hear on various matters and to continue its exploration of maincraft. As the Uuitan concluded its business, everyone gathered about as the children entertained with various feats of strength and martial prowess. Our thanks to Jennifer for seeing that they did not kill one another 😊.

Feast was held in the hall with ribs cooked by Dweorg on the grill, German potato salad prepared by Kuniburg, and a special Lammas bread baked for the occasion. As the hall was cleared in preparation for sumbal, Ermund and Dweorg tested one another's wits in a game of Tafl. Sumbal went exceedingly well with many fine horns raised and gifts exchanged. Kuniburg sang a song to the Landuuihta in Old Saxon as part of a boast that she had made. Many thanks to Gebmund Thegen for the fine sumbal mead that he provided.

To everyone who attended, brought food and drink, participated, and helped out, thank you. We hope to see you all again at Harvest. Uuassail!

I would also like to announce that Dweorg Karl turned 23 yesterday. May Woden grant him wisdom in the years of his life.

Also, for those who fain for their rooftrees, Lammas begins tomorrow. We will gather to celebrate it together on the 9th at the Uuihstedi in Newport News.
